

A New Inter-Modal Transportation Facility

Glen Cove Ferry Terminal and Boat Basin

The Glen Cove Ferry Terminal and Boat Basin project is a new inter-modal transportation facility, centrally located along the north side of Glen Cove Creek. This facility will offer passenger ferry boat service between Glen Cove, New York City, and potentially other locations along Long Island Sound.

- Unique Construction
- Turned blighted Superfund landfill into first new L.I. intermodal facility in decades
- One of the first projects on L.I. to obtain American Recovery and Reinvestment Act (ARRA) funding (\$10.7 million) and transforms the Glen Cove Waterfront to Public Access

- Has spurred multi-billion-dollar investment and improvements along Glen Cove Creek
